

DOUBLE GOLD | 91 POINTS

Vineyards:

The 2024 growing season brought remarkably mild weather, with only a handful of days reaching triple digits. Our vines thrived in these favorable conditions, producing lush canopies and beautifully balanced clusters.

This Estate Rosé is crafted from certified sustainable fruit grown on our Plymouth estate vineyard:

- 100% Vermentino

Winemaking & Aging :

The Vermentino was hand-harvested on September 17th, 2024. We whole-cluster pressed with minimal skin contact and handled separately through fermentation and aging. Generous use of dry ice protected aromatics throughout. The result is a beautiful, dry-crisp white wine.

Tasting Notes:

2024 Estate Vermentino opens with vibrant pear, lime zest, and a hint of fresh herbs like thyme on the nose, mingling with delicate orange blossom and lemongrass. The palate sparkles with juicy lychee and citrus, underpinned by lively acidity that carries through to a crisp, refreshing finish.

Pairing Suggestions:

Our Vermentino beautifully with grilled seafood, creamy burrata, or grilled Bartlett pears.
